Myersville Farmers' Market

2018 Rules and Guidelines

1. The market will have a designated management team working in partnership with the Town of Myersville and the Myersville Volunteer Fire Department. The management team is responsible for seasonal market operations and has the authority to direct vendors to comply with provisions of the market rules. The management team reserves the right to order any spoiled or off-condition product from sale.
2. The market will adopt operating hours at the beginning of each season.
3. This is a "Producers Only" market. All vendors agree to allow inspection of their farms and production facilities as a means of assuring compliance with the "Producers Only" rule.
4. If a documented disaster occurs prior to the vendor's normal participation time, any fees paid for the season will be returned to the vendor. If a vendor suffers total product loss during the active participation period at the market and thus is forced to cease participation in the market, current season dues already paid will be refunded on a prorated basis.
5. Vendors who pay seasonal rates prior to market opening day will qualify for assigned spaces whenever possible. Assigned space policy as follows:
 - a. Vendors wishing to use their assigned spaces must arrive at minimum 30 minutes before market opening. After that time the management team may at their discretion re-assign the space.
 - b. Seasonally paid vendors not coming to market on a given day should notify the management team the evening before the market.
 - c. Vendors are requested to notify the management team if they plan to discontinue participation for the season.
 - d. Daily layout of the market will be at the discretion of the management team.
6. It is the vendor's responsibility to secure and comply with all required state and county permits for their planned market activity, and to comply with State and Federal labeling requirements. **Copies of any required certifications, licenses, or permits must be attached to your application.**
 - a. Scales must be registered with and inspected by the Maryland Department of Agriculture's Weights and Measurement Section.
 - b. Packaged products must comply with Maryland Packaging and Labeling Regulations.
 - c. Nursery stock must be from operations in compliance with Maryland Department of Agriculture's nursery inspection and certification program.
 - d. Vendors selling eggs must be in compliance with Maryland Egg Law.
 - e. Vendors selling honey and apiary products must have their colonies registered with the Maryland Department of Agriculture and hold a valid Certificate for Honey Bee Colony Registration.
7. The use of the word "organic" in any form by vendors is restricted to those who are certified under provisions of the Maryland Department of Agriculture's Organic Certification Program.
8. Vendors are required to have legible signage identifying their business, product pricing, and listing their business's town of operation.
9. All vendors are required to operate their stands in a safe manner and to make immediate safety changes when directed to do so by the management team.
 - a. Vendors are required to maintain their stands in a neat and orderly fashion and be responsible for removing all debris at the end of each market day.

- b. Vendors using tents or canopies are required to utilize weights to ensure their shelter is held securely in place.
 - c. No electrical power is available on-site. If electricity is needed, the vendor must supply a portable generator, in good working condition, with approval from the management team. Generators emitting excessive noise or fumes are prohibited. Vendors are also encouraged to employ a noise-cancelling enclosure.
10. Although the overall market will be covered by a general liability insurance policy, vendors are also encouraged to carry their own insurance.
11. Smoking (including use of electronic, vaporizer, and smokeless products) and the consumption of alcoholic beverages is strictly prohibited!
- a. EXCEPTION: Sampling of product from alcoholic beverage producers as allowed by Maryland law.
12. All complaints must be in writing, signed by the complainant, and presented to the management team for review and resolution. "Producer Only" complaints will require an inspection visit to the production location by the management team. Any vendor refusing to allow an inspection shall forfeit the right to participate in the market for the remainder of the season. No market dues will be refunded in such cases.
